

Institutions Using UCO as a Peer

Some institutions will identify UCO as a peer in their peer group. They may not always appear on UCO's peer list. Because a common element allowed UCO to be identified as a peer, these institutions may be noted for possible inclusion on future UCO peer lists. Below are links to the peer institutions identifying UCO as a peer. These links will take you outside the University of Central Oklahoma website.

[Eastern New Mexico University](#), NM

[University of Texas-El Paso](#), TX

[University of North Carolina-Pembroke](#), NC
