

# Rose State College at UCO

## Partnerships in Education - Fall 2008

To better serve UCO students who must remediate curricular and performance deficiencies, the following zero-level courses are being offered on the UCO campus by Rose State College. ENGL 0123 is a non-credit course that satisfies the English deficiency. MATH 0143 is a non-credit course that satisfies the mathematics deficiency. MATH 0103, MATH 0113, and MATH 0123 are prerequisite courses for MATH 0143.

Students who have never attended Rose State College must complete an "Application for Admission" (to RSC) and be a current UCO student before Rose State College enrollment at UCO. Admission to RSC and enrollment in RSC zero-level courses may be accomplished in the same office.

Office hours for the Rose State College Coordinator are posted in the Center for Undergraduate Advisement, UC 121. Students may call the RSC Coordinator's office at (405) 974-2325, for more information.

**UCO Scholarship funds WILL NOT pay for 0-level deficiency courses.**

The following Rose State College courses meet Fall 2008 at UCO.  
Check the Rose State web page at <http://www.rose.edu> for room assignments.
